EDITORIAL INDEX, VOLUME XLII—JAN-DEC 1970

SUBJECT INDEX

TITLE OF ARTICLE AND AUTHOR — MONTH — Pg

OCEAN ENGINEERING

Air Cushioned Vehicle Ready for Arctic . . . . . Oct. 22
API Supports Full Rights on Continental Shelf . . . . .Feb. 20
Arctic Offshore Problems Examined . . . . . .Oct. 14

Buoy Records Meteorological Data . . . . . Dec. 21

Deep Water Reentry System is Successful . . . . . .Aug. 14

Fire Protection a Must on Platforms . . . . . .July 14
First Portable Workover Platform Rig Developed . . . . Mar. 16
Five Thousand Expected at 1970 Offshore Technology Conference . . . . . .Apr. 17
Floating Supply Base Serves Arafura Sea . . . . . .Dec. 14

High Island Field Production to be Doubled by Arco . . May 21
Historical Oceanographic Data Still Merits Use . . . . Jan. 18

Large Diameter Connectors for Conductor Pipe . . . . . Mar. 14
Leak Detection System in Santa Barbara Channel . . . . Sept. 16

Manhattan to Make Additional Tests in Arctic . . . . . May 20
Mining Nodules From Deep Water Proven Feasible . . . . Nov. 14

New Concept Provides High Speed Water Transportation . June 20
New Coupling Device Spares Trouble, Expense . . . . . .Feb. 22
New Marine Forecast System Operating in Alaska . . . . May 16
New Oil Slick Absorbent Tested . . . . . July 21
New System Carries Power to Ocean Floor . . . . . .Aug. 20

Oil Recovered From Sunken Tanker . . . . . Oct. 20

Proposal Made to Solve Santa Barbara Problems . . . . .May 20

Second OTC Another Booming Success . . . . . June 14
Shell Reports Progress and Breakthrough on Oil Spills .Apr. 18
Singapore Ideal Far East Oil Center . . . . . .Nov. 17
Sixteen Gas Turbines Power Union's Grayling Platform . Apr. 20

Tenneco Develops Method to Shutin Offshore Blowouts . .June 17
Twenty-Two Hundred Ft Conditions Simulated . . . . . Sept. 17
Underwater Coring Unit Developed . . . . . Nov. 20
Underwater Separator Now Operational . . . . . Dec. 20
Unique Jackup Introduced . . . . . July 20
Unique Offshore Rig Completed . . . . . .Aug. 17
Unique Pair of Ocean Research Vessels Now Operating . .Nov. 17
Unmanned Under-Ice Vehicle Offered for Exploration . . Feb. 18

With Contractors, Service Companies . . . . . .Jan. 18
With Contractors, Service Companies . . . . . .Feb. 22
With Contractors, Service Companies . . . . . .Mar. 18
With Contractors, Service Companies . . . . . .Apr. 22
With Contractors, Service Companies . . . . . .May 21
With Contractors, Service Companies . . . . . .June 21
With Contractors, Service Companies . . . . . .July 21
With Contractors, Service Companies . . . . . .Aug. 20
With Contractors, Service Companies . . . . . .Sept. 20
With Contractors, Service Companies . . . . . .Oct. 22
With Contractors, Service Companies . . . . . .Nov. 21
With Contractors, Service Companies . . . . . .Dec. 23
Wodeco VII Now Operational . . . . . Nov. 24
Working Saturation Dive Successful . . . . . Sept. 16

DRILLING

ARCTIC BP Utilizes Cluster Drilling Concept . . . . Jan. 86
Logistics Tactics Unique But Goals Similar . . . . .Jan. 98
North Slope: New Era in U.S. Petroleum, John Scott . . . . . Jan. 55
Parker Spends $1,000,000 to Arcticize Rig for Slope, C.R. Stewart . . . . . Jan. 90
Permafrost Hides Support Problems . . . . . Jan. 76
Rules Hearing Eases Security . . . . . .Jan. 71
AUTOMATION Automatic Drilling in Mature Stage, George Crosby . . . . . Nov. 66
BITS Breakthrough in Drilling Bits, George Ives . .July 74
CEMENTING Permafrost Hides Support Problems . . . .Jan. 76
CONTINUOUS TABLES · Annular Volume Between 8 5/8-in. and 7-in. Casing and Open Hole . . . . . .Feb. 65
Annular Volume Between 5 1/2-in. to 4 1/2-in. Casing and Open Hole . . . . . Feb. 66
Reciprocating Duplex Pumps - Displacement Tables . .Sept. 97
Reciprocating Triplex Pumps - Displacement Tables . Sept. 98
Example of Forces Acting on Packers . . . . . Oct. 84
Change in Tubing Length Due to Change in Tension . .Oct. 85
CORROSION How Corrosive Are Water Base Completion Muds, Jay P. Simpson and Ray D. Barbee . . . . .Dec. 42
Oil Country Corrosion, John Scott . . . . . Dec. 29
Oxygen Cause of Drill Pipe Corrosion, B.W. Bradley .Dec. 50
DEEP DRILLING Gulf's Coring-for-Tubing Completion, J.E. Kastrop . . . . . .Mar. 51
Long Star Opens New Era in U.S. Deep Drilling, John Scott . . . . . .Sept. 51
DIRECTIONAL DRILLING Socal Solves Extreme Directional Drilling Problems, M.M. Emery and D.C. Gallear . . . . . Sept. 64

DRILLING COSTS Latin America's Deepest Well Proves Technology, Ing. J. Cesar Antimo Aguirre . . . .Mar. 56
DRILLING METHODS Gulf's Casing-for-Tubing Completion, J.E. Kastrop . . . . . .Mar. 51
Latin America's Well Proves Technology, Ing. J. Cesar Antimo Aguirre . . . . . .Mar. 56
Titanium Used in Acid Water Disposal Well . . . . . Feb. 64

TITLE OF ARTICLE AND AUTHOR — MONTH — Pg

HYDRAULICS A Useable Drilling Well Hydraulic Program, John H. Wilson . . . . . Mar. 62
Computer Graphics Improve Drilling Hydraulics, A.T. Bourgoyne and Robb E. McKee . . . . . .Sept. 59
Improved Hydraulics Speeds Hungarian Drilling, Dr. Odon Alliquander . . . . . .June 72
LOGGING Movable Oil Plot Completion Aid, Rodney R. Maxson
SP Curve Reflects Stressed Zones, Harold L. Overton . . . . . Sept. 76
LOGISTICS Logistics Problems in South Australia, George Crosby . . . . . June 58
Logistics Tactics Unique But Goals Similar . . . . .Jan. 98
Operating Problems/Practices No Obstacle, George Ives . . . . . .Nov. 56
LOST CIRCULATION WAPET Solves Unusual Drilling Problems on Barrow Island, Wayne S. Shields . . June 84
MUD New Equipment Determines Mud Particle Size, Dr. L.R. Louden and Weldon Nance . . . . . .Sept. 56
OFFSHORE, ENVIRONMENT AND POLLUTION Arco Pushes Java Sea Program . . . . . .Nov. 60
Asian/Pacific Set for Offshore Boom, J.E. Kastrop . Nov. 45
Offshore Technology in the 1970's, John Scott . . . Apr. 51
Operating Problems/Practices No Obstacle, George Ives . . . . . .Nov. 56
Operators Perfect Well Test Procedure, George Crosby . . . . . .Nov. 50
OUTLOOK AND STATISTICS Asian/Pacific Set for Offshore Boom, J.E. Kastrop . . . . . .Nov. 45
Gas Hunt Pushes Ultradeep Play to 53 Completions During 1969, John Scott . . . . . Mar. 49
Offshore Rules Flap Slows Growth in '69 Deep Drilling, George Crosby . . . . . Mar. 45
Seventies: Decade of Drilling's Comeback, John Scott . . . . . Feb. 43
PLANNING Lone Star Test Opens New Era in U.S. Drilling, John Scott . . . . . .Sept. 51
REGULATIONS Industry Testing Wide Variety of Spill Controls, George Ives . . . . . Oct. 48
Offshore Cooperatives Aimed at Pollution Control . .Oct. 54
Operators Push to Meet Offshore Regulations, George Crosby . . . . . Oct. 44
Pollution '70: Challenge, Crisis, Change, John Scott . . . . . Oct. 39
Rules Hearing Eases Security . . . . . .Jan. 71
RIGS Big Chief's New Rig 40 on Deep Assignment . . Mar. 74
Parker Spends $1,000,000 to Arcticize Rig for Slope, C.R. Stewart . . . . . Jan. 90
RISER DESIGN A New Look at Riser Design . . . . . .Apr. 66
WELL TESTING Operators Perfect Well Test Procedure, George Crosby . . . . . Nov. 50

PRODUCING

ALASKA A Look at Prudhoe Bay Geology . . . . . Jan. 62
Logistics Tactics Unique But Goals Similar . . . . .Jan. 98
New Concept in Flow Station Design . . . . . .Jan. 72
North Slope: New Era in U.S. Petroleum, John Scott . . . . . Jan. 55
Permafrost Hides Support Problems . . . . . Jan. 76
Rules Hearing Eases Security . . . . . .Jan. 71
AUTOMATION Gathering Line Carries Alarm Signal, Ralph Smalley . . . . . May 53
Getty Computerizes Massive Steam Flood . . . . . .May 70
Lesson Learned From Poso Creek Project, J.K. Ballou . . . . . .May 66
Low Level Automation for Marginal Leases, Jack T. Martin . . . . . May 56
What Industry Expects of Computer Controls, John Scott and George Crosby . . . . . May 47
CEMENTING A Better Way to Squeeze Fractured Carbonates, Dave Boice and John Diller . . . . .May 79
High Expanding Cement for Primary Jobs . . . . . .Feb. 80
New Look at Bond Logging, D.M. Muir and E.E. Rollman . . . . . Feb. 72
Permafrost Hides Support Problems . . . . . Jan. 76
COMPLETIONS Completion Design for Corrosive Environments, Kurt Leutwyler . . . . . .Feb. 58
Gulf's Casing-for-Tubing Completion, J.E. Kastrop . . . . . Mar. 50
Oxy's Injection Well Design Different, Charles L. Des Brisay and George Crosby . . . . . Feb. 45
CORROSION Cathodic Protection of Production Equipment, William C. Koger . . . . . Dec. 36
Hydrogen Sulfide Can Be Controlled, Charles M. Hudgins Jr. . . . . .Dec. 33
Oil Country Corrosion: $500,000,000/Year Item, John W. Phenicie . . . . . .Dec. 29
Oxygen Cause of Drill Pipe Corrosion, B.W. Bradley . . . . . Dec. 50
Practical Well Problems and Solutions . . . . . Dec. 58
GAS INJECTION Gasflood Improves Appalachian Recovery, K.H. Frohne . . . . . July 79
GAS LIFT A New Look at Gas Lift Measurement, Robert E. Vickney . . . . . Aug. 43
GEOLOGY A Look at Prudhoe Bay Geology . . . . . .Jan. 62
HYDRAULIC PUMPING Dynamometer for Hydraulic System Saves Money, Joe Chastain . . . . . .Aug. 53
LIFTING COSTS How to Figure Lifting Costs, John Scott . . . . . Aug. 39
LOGGING New Look at Bond Logging, D.M. Muir and E.E. Rollman . . . . . .Feb. 72
SP Curve Reflects Stressed Zones, Harold L.

TITLE OF ARTICLE AND AUTHOR	MONTH	Pg
Overton	Sept.	76
LOGISTICS Logistics Tactics Unique But Goals Similar	Jan.	98
OFFSHORE PRODUCTION Arco Pushes Java Sea Program	Nov.	60
Asian/Pacific Set for Offshore Boom, J.E. Kastrop	Nov.	45
Mobil Engineers New Deepwater System, George Crosby	Apr.	55
Offshore Workovers Today, C.J. Beaupre	Apr.	77
Operating Problems/Practices No Obstacle, George Ives	Nov.	56
Operators Perfect Well Test Procedure, George Crosby	Nov.	50

MAKE BETTER PLANS—

from the reprints with YOU in mind!!

- ☐ CORROSION CONTROL HANDBOOK
  Covers oilfield, pipeline, refining, & gas distribution. Has section of "Instant Answer Tables". Hard cover, 272 pages, $9.75
- ☐ REFINING CENSUS
  Plants/Processes/Expansion Plans for every plant in the U.S., Canada, & Puerto Rico. 16 pp. $2.50
- ☐ REFINING INDUSTRY: 1985
  Take a "crystal ball" look at a year which most trend factors point to as pivotal for future of the industry. 12 pp. $1.50
- ☐ 25th ANNUAL REPORT SURVEY 1971
  Statistics on financial/operational activities of 85 oil/gas companies. 1970 vs 1969 $2.00
- ☐ ENERGY EQUIPMENT PLANNING GUIDE
  Selected equipment & services designed to improve profits in every industry operation. $3.50
- ☐ WORLD BUYER'S GUIDE
  Company offices in 100 countries and what they sell in each. Geographically listed. $2.00
- ☐ BASIC REFINING PROCESS HANDBOOK
  Authoritative fundamentals of Crude Distillation, Catalytic Cracking, Reforming, Hydrocracking and Alkylation. Diagrams, tables, photos of modern refning plants. 32 pp. $2.50
- ☐ APPLIED HEAT TRANSFER
  Heat transfer covered from fundamentals to equipment design. 18 chapters of basic information every refining worker needs. 120 pp. $3.50
- ☐ PETROCHEMICAL REGISTER
  Provides three directories in one: Plants and personnel; Product Locator; Site Selection with tables on each state. 73 pp. $8.00
- ☐ CATALYTIC ALKYLATION
  15 Tables/14 figures included in this thorough analysis of the process. 23 pp. $1.50
- ☐ HPI EQUIPMENT SELECTION
  Five categories of equipment and how to specify them. Application, sizes, coats, etc. 44 pp. $1.50
- ☐ HYDROGEN REPORT
  Manufacturing methods/processing applications for hydrogen. Economics of hydrogen. 22 pp. $1.50
- ☐ HYDROCRACKING — TODAY & TOMORROW
  Description development, use and potential. Extensive data in diagrams, tables. 24 pp. $1.50
- ☐ GUIDE TO EVALUATION METHODS FOR ENGINEERS
  How to measure future profits accurately on projects over short and long terms. 36 pp. $3.50
- ☐ BETTER COMMUNICATIONS
  Learn how to be more effective by using common sense methods in communications. 48 pp. $3.50
- ☐ IDEA BOOK
  You can stimulate creativity and inventiveness in yourself and others. $2.00

to the #1 Industry Problem

CORROSION CONTROL HANDBOOK

Covers oilfield, pipeline, refining, & gas distribution. Has section of "Instant Answer Tables". Beautiful hard cover. 272 Pages

Take a look at a few of the chapter titles and see if you can do without this fundamental guide to corrosion control:

Understanding & Controlling Oilfield Corrosion
Offshore Structures — A Challenge to Corrosion Control
Could Drill Pipe Last Forever?
Clean Heat Exchanger Bundles Faster, Better
Materials — Construction Problems Challenge HPI
Cathodic Protection of Distribution Systems
Corrosion Problems on Leakage Clamps
Corrosion: What Causes It and How It Happens
Guide to Protective Coatings for Pipe Types of Corrosion
Corrosion Considerations in System Design

Low price of $9.75

Please include $1.50 for postage and handling
(Add 4¼% on Texas orders)

Service R & D Department
